

ShadowSense® Crème to Powder Eyeshadow

PLEASE NOTE: The colour chart is only a representation of the SHADOWSENSE colours. The actual colour on your eye lids may vary.

GUIDELINES FOR PRODUCT USE

Please read through all instructions before opening ShadowSense products. Shake well before each use. Liquids can spill. Always keep vial in a vertical position and remove applicator slowly. Avoid contact with inner eye or broken skin. Keep products out of the reach of children. Avoid contact with clothing and carpeting. If you have a stain or spill, FOOOPS! REMOVER may be used along with warm water and soap. Avoid opening while in flight as air pressure may cause splatter or leakage. Keep product away from heat and flame. We suggest that you do not use ShadowSense products with any other eye products, either over or under ShadowSense products. They are not compatible and will compromise the staying power of ShadowSense products. If you notice any adverse reaction discontinue use. If irritation persists, consult a physician.
